The image shows a software window titled "Pattern Inspector, pattern: Example". It has a menu bar with "File", "Edit", "View", "Tools", and "Windows". The main area is divided into several sections. At the top, there are fields for "Pattern Name:" (containing "Example"), "Id: let\_0", and "Color" (with a dropdown arrow). Below these is a "Description" section with a large text area containing the text "protocol://host:port? {let:ModelId key0:value0 keyN:valueN}". To the right of the description is a "Pre Task" section with a large empty text area. Below the pre task is a "Post Task" section with a large text area containing the text "com.emperative.task.Core {message: apply}". At the bottom right, there are two buttons: "Apply" and "Reset". A label "802" with a line pointing to the description text area is located to the right of the dialog box.
